

ABOUT IMPACT THE PALM BEACHES

IMPACT THE PALM BEACHES empowers women to dramatically improve lives by collectively funding significant grants that make a lasting impact in our community. Impact pulls together donations from individual women to advance high impact philanthropy, which will in turn be transformational to our community.

As a charitable fund of the Community Foundation for Palm Beach and Martin Counties, we facilitate this by awarding grants disbursed in increments of \$100,000. The exact amount of funds available for award in any given year depends upon the number of women who join the organization.

IMPACT THE PALM BEACHES seeks to fund projects that are truly transformational, address unmet needs through an innovative approach, greatly impact the beneficiaries, and are sustainable for years to come. We seek projects that:

- Foster change and have a long-term positive impact
- Are well defined and thought out
- Are new or expansions/improvements of existing projects that can change the way an organization or a community operates
- Can demonstrate specific measurable goals

A QUICK LOOK AT THE GRANT CYCLE

OVERVIEW OF THE GRANT PROCESS

Through our partner, Community Foundation for Palm Beach and Martin Counties, IMPACT THE PALM BEACHES sends notices of the availability of our grants to hundreds of nonprofit agencies and invites them to submit grant proposals. IMPACT THE PALM BEACHES Grants Committee (made up of members of IMPACT THE PALM BEACHES) extensively reviews and rates each proposal. Site visits are conducted as needed. Based upon final recommendations of the Grants Committee and approval by the Community Foundation for Palm Beach and Martin Counties Board of Directors, IMPACT THE PALM BEACHES invites finalists to the annual meeting. At the annual meeting, the finalists make a brief presentation about their project. A vote is then taken and a final decision is made immediately following the presentation. That decision is final.
